There has been much sickness amongst the children since two months ago - many are still not able to be out of their homes. Thus many adults are detained at home to care for them. And Spring Hunting Season is on now - at which time the majority of the ensuing year's meat supply is secured - so these men and women take quite a number out of town; also, many jobs have gone to other place, where work for the summer is beginning, and many of these intend to remain there, because of shortage of maintenance necessities in this vicinity.

Each monthly report should be accompanied by a detailed narrative of the Missionary's labors, describing the nature of his activities and recording interesting incidents and experiences.

0- no meetings could be held
Because: first, no transportation
in town. And secondly
every able bodied person
was engaged at some
thing I dare not explain
here - even I was at it
also.
Emma M. Stauffer

Each monthly report should be accompanied by a detailed narrative of the Missionary's labors, describing the nature of his activities and recording interesting incidents and experiences.
